Dear Parents,

We are so proud to announce that the STARBUS will be visiting your facility on a regular basis. Every week the STARBUS will be conducting a gymnastics fitness class during regular daycare/ school hours, for age's 18mo-7 years old. This allows your child to benefit from this great program without interrupting your schedule. No transportation of your child is involved. We offer structured classes with weekly lesson plans, which enhance physical and motor development.

The STARBUS is a fully air conditioned bus, filled with fun equipment offering a unique fitness program to your child's daycare/school. The STARBUS is cheerfully decorated and provides an exciting way for your child to receive the physical fitness that is so important to his or her development.

Certified instructors "with a special heart toward children" make the experience memorable as well as educational. The STARBUS staff is committed to the safe, personal care and encouragement of your child. All instructors have Criminal History and Back Ground Checks, have been Finger Printed, have current CPR and First Aid, and have met the child care training requirements. We look forward to teaching your little athlete.

Please fill out the enrollment form below. Then place both the enrollment form and tuition in the envelope provided and drop it in the STARBUS drop box located at your child's facility. (Please do not turn your money or permission slip into the school director or teachers)

Tuition is always due on or before the 1<sup>st</sup> of the month. An \$8.00 late fee will be charged after the 15<sup>th</sup> of each month. Please make your check or money order out to Omega Star. (No cash please) Tuition can also be paid with a credit card by going on line at [www.thestarbus.com](http://www.thestarbus.com) Don't miss out, sign up today and give your child a head start for the future.
